 - (a) to hear and make recommendations about objections to the acquisition of land under the *Lands Acquisition Act* by persons whose interests in the land will be divested, modified or

affected by the acquisition, including objections by registered native title claimants and registered native title bodies corporate to the acquisition so far as it affects the registered native title rights and interests of the claimants and bodies;

- (b) to hear and determine claims for compensation referred to the Tribunal under section 51(b) or Part VIII of the *Lands Acquisition Act*, including claims for compensation for the effect of an acquisition of land on native title rights and interests in relation to that land where there has been an approved determination of native title to the effect of any of the following:

 - (iv) that native title does not exist and it is not apparent from the terms of or the reasons for the determination whether native title existed immediately before the acquisition,

Note

Were the Federal Court to make a finding that native title does not exist, it is anticipated that the Court would make a determination of the kind referred to in subparagraph (ii) or (iii) rather than the kind referred to in subparagraph (iv).

where a reference to a person claiming compensation includes a person claiming compensation on behalf of a group among whose members any compensation paid would be distributed;

- (ba) to hear and make recommendations about applications for the grant of extractive mineral interests referred to the Tribunal under section 100(1)(e) or 111(1)(e) of the *Mining Act*;

-
- (d) to hear and determine disputes about compensation referred to the Tribunal under section 120(4), 140N(4), 140U(4), 174B(3)(a) or 179(3)(a) of the *Mining Act*;

Maximum penalty: 20 penalty units or imprisonment for 6 months.

Division 2 Objection proceedings

22 Recommendations about objections

- (1) Without limiting the generality of section 5 so far as it relates to the making of recommendations about the doing of an act that affects native title rights and interests, the Tribunal may make a recommendation under section 5(1)(a), (c), (e) or (g):
 - (a) upholding an objection to the act so far as it affects registered native title rights and interests; or
 - (b) that contains conditions about the doing of the act that relate to registered native title rights and interests and that are to be complied with by any of the parties to the proceeding.
- (2) The Tribunal must not make a recommendation containing a condition that has the effect that a native title holder is to be entitled to compensation worked out by reference to:
 - (a) the amount of profits made;
 - (b) any income derived; or
 - (c) any things produced,by any person as a result of doing anything in relation to the land or waters after the act is done.
- (3) If a condition to be complied with is that an amount is to be paid into the Lands Trust Fund under the *Lands Acquisition Act*, the Mining Trust Fund under the *Mining Act* or the Petroleum Trust Fund under the *Petroleum Act* and held in trust until dealt with in accordance with section 83C of the *Lands Acquisition Act*, section 174K of the *Mining Act* or section 117AC of the *Petroleum Act*, as the case requires:
 - (a) the Tribunal must specify the amount in its recommendation; and
 - (b) if it is decided to do the act subject to that condition – the

amount, when paid, is to be held in trust until it is dealt with in accordance with that section.

22A Power to dismiss objections

- (1) The Tribunal may dismiss an objection to an act under the *Mining Act* or the *Petroleum Act* by a registered native title claimant or registered native title body corporate if, in the Tribunal's opinion, the objection is not on the ground that the doing of the act would affect the registered native title rights and interests of the claimant or body.
- (1A) In subsection (1), **would affect**, in relation to an act under the *Mining Act*, means would be likely to affect.
- (1B) In subsection (1), **would affect**, in relation to an act under the *Petroleum Act*, means would be likely to affect.
- (2) The Tribunal may dismiss an objection to a compulsory acquisition under the *Lands Acquisition Act* by a person if, in the Tribunal's opinion, the objection is not on the ground that:
 - (a) if the person is a registered native title claimant or registered native title body corporate – the compulsory acquisition would be likely to affect the registered native title rights and interests of the claimant or body; or
 - (b) in any other case – the compulsory acquisition would affect the person's interest in the land proposed to be acquired.

22B Withdrawal of objections

Where:

- (a) an objection to an act is withdrawn; or
- (b) if the objection was lodged by a registered native title claimant – the claimant has been removed from the Register of Native Title Claims for a reason other than because either an approved determination of native title that the claimant holds native title in the land in respect of land or waters in relation to which it is proposed to do the act has been made or the claimant has been replaced under section 66B of the Native Title Act,

the Tribunal must not proceed to make a recommendation about the objection and must dismiss the referral of the objection.

22C Power to proceed ex parte

If a party does not appear, the Tribunal may hear the matter and make a recommendation about an objection or determine compensation in the absence of that party.

23 Issues previously decided not to be re-opened

If:

- (a) a proceeding is for the purpose of making a recommendation in relation to the doing of an act under an Act referred to in section 5 (other than the *Lands Acquisition Act*) (in this section called ***the current proceeding***);
- (b) the parties to the current proceeding were previously involved in the making of an agreement, or as parties in a proceeding in which a recommendation was made, in relation to the doing of an act under the same Act in relation to the same area; and
- (c) an issue was decided in the agreement or during the previous proceeding,

the parties to the current proceeding must not, without leave of the Tribunal, seek to vary the decision on the issue.

Division 3 Compensation proceedings

24 Determination of compensation

- (1) Subject to any other Act, after hearing a dispute about compensation, the Tribunal must determine:
 - (a) whether compensation is payable to the claimant; and
 - (b) if so – the amount of compensation that is payable.
- (2) However, if all parties to the proceeding consent to the making of an order, the Tribunal may make an order in the terms consented to.
- (3) An order under subsection (2) may be made at any stage of the proceeding.

24A No multiple compensation payable for essentially same act

Despite anything in this Act or another Act:

- (a) compensation is only payable once for acts that are essentially the same; and

- (b) in determining compensation in accordance with this Division, the Tribunal must take into account any compensation awarded under another law of the Territory or a law of the Commonwealth or of a State or another Territory of the Commonwealth.

24B Criteria for determining compensation for native title

- (1) The entitlement of a native title holder to compensation for the effect of an act on the holder's native title rights and interests is an entitlement on just terms to compensate the native title holder for any loss, diminution, impairment or other effect of the act on those native title rights and interests.
- (2) If the act is the compulsory acquisition of all or any of the native title rights and interests of the native title holder, in determining compensation on just terms, subject to section 25, the Tribunal may have regard to the principles and criteria for determining compensation set out in the *Lands Acquisition Act*.

25 Compensation other than money in respect of native title

- (1) Subject to this section, compensation determined by the Tribunal may only consist of the payment of money.
- (1A) If the person claiming compensation requests that the whole or part of the compensation should consist of the transfer of property or the provision of goods or services, the Tribunal:
 - (a) must consider the request; and
 - (b) may, instead of determining the whole or any part of the compensation, recommend that the person liable to pay the compensation should, within a specified period, transfer property or provide goods or services in accordance with the recommendation.
- (2) If a person does not transfer property or provide goods or services in accordance with a recommendation under subsection (1A), the claimant may request the Tribunal to determine instead that the whole or the part of the compensation concerned is to consist of the payment of money.
- (3) If a person transfers property or provides goods or services in accordance with a recommendation under subsection (1A), the transfer of the property or the provision of the goods or services constitutes full payment of the compensation in respect of which the recommendation was made.

26 Compensation not to include profits, &c.

The Tribunal must not determine the amount of compensation payable for the effect of an act on native title rights and interests by reference to:

- (a) the amount of profits made;
- (b) any income derived; or
- (c) any things produced,

by any person as a result of doing anything in relation to the land or waters in respect of which the act was done.

26A Limit on compensation

- (1) The total amount of compensation determined by the Tribunal to be payable for an act that extinguishes all native title in relation to particular land or waters is not to exceed the amount that would be payable if the act were instead a compulsory acquisition of a freehold estate in the land or waters.
- (2) Subsection (1) has effect subject to the requirement that compensation is to be on just terms.

27 Enforcement of determinations and orders

- (1) A determination under section 24 (including a determination for the purposes of section 25(2)) of the amount of compensation payable to a claimant is recoverable as a debt due to the claimant by the person liable to pay the compensation.
- (1A) An order of costs payable by one party to another party is recoverable as a debt due to the party in whose favour the order is made by the party ordered to pay the costs.
- (2) A claimant may register a determination referred to in subsection (1) or a party may register an order referred to in subsection (1A) in a court of competent jurisdiction by filing in the court:
 - (a) a copy of the determination or order, certified by the Registrar to be a true copy; and
 - (b) an affidavit stating the amount unpaid under the determination or order.
- (3) A determination or order registered under subsection (2) is to be taken to be an order of the court in which it is registered for the

payment of the unpaid amount and may be enforced accordingly.
