

Thomas Bourgeois

Land Use Law Center and NY/NJ CHP TAP (US DOE)

Director for Policy Research at the Land Use Law Center and Director of New York/New Jersey Combined Heat and Power (CHP) Technical Assistance Partnership. The NY/NJ CHP TAP is one of the ten U.S. DOE CHP Technical Assistance Partnerships (CHP TAPs) operating nationally. Tom has authored and co-authored dozens of reports on energy efficiency, Combined Heat & Power, microgrids and analyses of benefits and barriers to Distributed Energy Systems of all forms He's focused on optimizing incentive systems, creating regulatory frameworks to accelerate investment in clean energy technologies, systems and districts. His recent work includes traditional and hybrid microgrids, community (district) geothermal heat pump systems and thermal networks, and controlled environment agriculture (CEA). Clients he's worked with include government (US DOE, Oak Ridge and Argonne National Labs, NYSERDA, NASEO, City of Boston and New York), private business (Booz Allen, Hitachi Microgrids, Cogen Power Technologies, Fuel Cell Energy, Green Energy Corp), NGO's (NRDC and EDF) and numerous Foundations. Tom was recipient of the U.S CHP Association's 2008 national CHP Champion Award and the Northeast Clean Heat and Power Initiative 2014 NECHPI Award.
