

Robert Berninger

Memorial Sloan Kettering Cancer Center

Robert (Bob) Berninger is the Director of Plant Operations, Energy and Engineering at Memorial Sloan Kettering Cancer Center (MSKCC). In his 17 years with MSKCC, Bob has held various positions, first as the Energy Manager, overseeing and implementing energy conservation projects, to Plant Operations Manager and currently as a Director managing the day to day operations of the HVAC systems and staff, overseeing the energy management systems and energy budgets, exploring and implementing energy conservation measures. Prior to this position he was the Assistant Manager of the Physical Plant at Columbia University. He holds a B.E. in Marine Engineering from SUNY Maritime College. Robert is a Certified Energy Manager (CEM), Certified Energy Auditor (CEA) and a Certified Sustainable Development Professional (CDSP). He also holds a United States Coast Guard Chief Engineer's Steam and First Engineer Motor License. He is a member of the Association of Energy Engineers and is a past President of the New York City Chapter of AEE. Bob was awarded the International Energy Manager of the Year in 2016 by the Association of Energy Engineers.
